What is FSC®?

FSC® (Forest Stewardship Council®) helps take care of forests and the people and wildlife who call them home. Our forests give us many things like books, tissues, furniture and so much more. FSC helps you keep your life full of forest products while keeping our forests full of life. We achieve this through FSC certification, ensuring forests around the world are responsibly managed.

Founded in 1994 with a mission to stop global deforestation, FSC's certification scheme ensures that forest products are sourced from forests that are managed responsibly.
